## **Less *is* More: less paper, more trees**

Less is more when it comes to wasted paper. It means more trees and less environmental impact. A big waste is unwanted junk mail, and it's something that fills many of Newport's blue recycling carts. Several *Trash Talk* issues ago, we published a guide on how to reduce unwanted junk mail. We had a positive response and wanted to feature it again. One of the most effective things you can do to reduce junk mail is to write letters to mail preference services and credit bureaus requesting your name and address be removed from their lists. Here are the names of the largest name-selling companies and their addresses:

- Advo Incorporated**  
Delivery Services  
1001 W. Walnut Street  
Compton, CA 90220-5191
- Direct Marketing Association**  
Attn: Customer Service Opt Out  
1120 Avenue of the Americas  
New York, NY 10036-6700
- Experian Consumer Services**  
List Maintenance  
901 West Bond  
Lincoln, NE 68521
- infoUSA, Inc.**  
5711 S. 86th Circle  
Omaha, NE 68127-0347
- Axiom Corporation**  
Opt-Outs  
P.O. Box 2000  
Conway, AR 72033-2000

**Trans Union LLC**  
Name Removal Option  
P.O. Box 97328  
Jackson, MS 32988-7328

**LEXIS-NEXIS**  
9393 Springboro Pike  
P.O. Box 933  
Dayton, OH 45401

To make sure you don't get on those lists in the first place is to skip filling out warranty cards that are included with many expensive items purchased. In most cases, you don't need it and it's just a way for companies to get household information from you to know which lists to sell your name to. If you want to get taken off that kind of list too, contact:

**National Demographics & Lifestyles**  
Customer Service Department  
1621 18th Street, #300  
Denver, CO 80202  
(800) 525-3533

Another way to reduce your paper trail is to sign up for our automatic **EASY-PAY** option. No more check writing, no more stamps, or trips to the post office. We also offer **PAPERLESS** billing where you receive your statement via email.

*Meet...*  
**Tim Elliott**

**Length of employment at Thompson's: 1 year**

Tim is a devoted dad who has lived in the South Rivers area near Waldport on and off his entire life. A mechanic for the

last thirty years, Tim came to Thompson's just a year ago. Tim works his magic on our trucks and equipment, but is also an excellent welder and fabricator when we need that something special to keep everything running smoothly. He has no qualms when asked to perform under pressure and juggling many projects at once.

His son Alex, who is eleven years old, lives with Tim and will be entering the 6th grade at Waldport Middle School. Tim enjoys being a parent and likes to watch his son participate in school sports, especially basketball.

His repertoire of activities is vast, but most include the outdoors. He enjoys motocross, water sports, hikes, climbing, etc. Anything that keeps him outside and active!

## Don't wait: Recycle...

*those household items today at the Agate Beach Transfer Station*

Summer is a great time to clean up all those pesky items out of your home you've been *meaning* to get to. The Agate Beach Transfer Station not only accepts your refuse and provides a free commingled recycling depot, but it's also the place to recycle those household items previously occupying our landfills. Thompson's recycles, for a small fee, household items including fluorescent bulbs (with our county exclusive Bulb Eater), latex paint, batteries, tires, appliances, and electronics; Monday through Saturday 9am-5pm. While you're at the transfer station, please stop by our weigh shack for a complimentary coffee or hot beverage of your choice. And don't forget: Thompson's offers a punch card where your 11th haul is FREE (a \$9 value)!
