# Drop Box & Compactor Regulations

**DO NOT INCLUDE LIST:**

- Asbestos
- Car Batteries (any lead-acid type battery)
- Automobile Tires
- Large Appliances (arrangements can be made for proper disposal)
- Hazardous Waste and Liquids (includes paints, stains, thinners and solvents; Insecticides, etc)
- TV's, Monitors, Desktop and Laptop Computers

Customer is ultimately responsible for what is in container. An extra charge of \$25.00 will be applied for any prohibited items found in box without prior notice and arrangements being made with office.

**Overfilled Containers, Relocation, and Blocked Pick-ups:**

Overfilled containers = no pick up. Debris should be no higher than the top of the box, as the truck's tarp must cover the load completely. Customer will be responsible for unloading any excess debris if drop box is overloaded. If container has to be relocated by Thompson's Sanitary Service or is "blocked" when driver arrives, an extra haul charge will be applied. A "blocked" container is when our driver is unable to access the container with equipment.

**Scheduling Pick-up's:**

Call our office anytime between 8am-4pm Monday through Friday to schedule a pick-up. During non-business hours, please call our office at 541-265-7249 and leave a message on extension 107 or fastest service.

I, the undersigned, agree to the terms outlined above and will comply with the regulations in accordance to Thompson's Sanitary Service policies and Oregon DEQ disposal regulations. Please note Thompson's Sanitary Service is not responsible for any damages caused to property due to placement of container when directed by the customer or company agent.
